Division/weightage of total marks into external and internal components, w.e.f academics year 2018-19 (batch 2018-19) under the Faculty of Management Studies.

Considered the proposal of the FMS to modify the weight age to 75 marks (External) and 75 marks (Internal) instead of 50 marks (Internal) and 100 marks (External) , as specified in the University ordinance. This would provide an opportunity to evaluate the student across a broad range of application –based activities, during the course of term. This would be applicable w.e.f the batch 2018 onwards. The weight age of internals and externals for the batch of 2017-19 is 50% each as per **Annexure 26.25.1.**

RESOLVED THAT THE RECOMMENDATIONS AS ABOVE BE APPROVED.

Considered the inclusion of an Audit Course titled 'Manav Rachna Life Skill Programme' for all UG & PG programmes

NOTE:

For holistic development of students, MRIIRS is committed to provide opportunities to students for engaging in various activities. To emphasize the importance of the Co and extra-curricular activities, University has formalized the participation in such activities and introduced award of credits for the same. These regulations for award of credits shall be applicable to all Under Graduate and Post Graduate programmes offered by the University. Detailed associated scheme of credits and calculation of award is as given below:

Credit Allocation & Calculation of Awards

Students shall earn activity points in the normal duration of the programme, during their academic stay at the University, covering gamut of activities. All students have to earn a minimum of total activity points from variousactivity segments listed to qualify for their degree. Earning of these points shall make a student eligible to earn two credits/one credit (Under Graduate Programmes/Post Graduate Programmes) on pass/ fail basis (Audit Course: ACP/ACF Grades) **and is mandatory for the award of Degree**. The same shall not be included in the CGPA/SGPA calculation. However the number of points earned shall be reflected in the Grade Card.

For a programme of normal duration of 'n' years the total minimum number of points to be earned shall be '25 x n'. For lateral entry students/Migrating students the number of Points shall be proportionately reduced depending on the year/semester in which entry/migration is being made. Since these guidelines are being introduced from Academic Year beginning 2018-19, existing enrolled batches (other than those entering final year of programme) shall be required to earn the number of points

based on remaining duration of their programme. The number of associated credit for these batches shall be 2/1 depending on remaining duration of programme.

Grade sheet of final semester shall indicate the Grade Earned, minimum points for Pass Grade and total points earned under the heading/course **'Manav Rachna Life Skills Programme'**. Process owners shall make provisions for consolidation of activity points earned by students on a semester basis and shall upload the points regularly within a defined time line (5 working days after end of activity) of earning of points by the students. Any grievance related to the same shall be resolved at the level of process owner. All documental proof for awarding the activity points shall be verified and forwarded by the process owners to the parent Department to which student belongs and shall be available for verification/Academic Auditing.
