## **Preamble**

The Programme MA Public Policy and Administration is adapted to an outcome based education system which would enable the students to acquire the capabilities to meet the demands of society and industry at regional, national and global level. The Programme Education Objectives (PEOs) of MA Public Policy and Administration are consistent with the Vision and Mission of the Department as well as the University, and aim to produce globally successful sociologists who are empowered to contribute to nation building through sound knowledge, research skills and research aptitude. The POs and PSOs address the PEOs and aim to produce human development professionals, social researchers and human resource management professionals with high professional and social ethics.

The curriculum includes courses focusing on employability and skill development which map strongly with the POs defining demonstration of conceptual knowledge and engagement in independent and life-long learning. Such courses are Civil Services in India, Indian Polity and Administration, Public Policy Analysis, Innovations in Governance, e-Governance, etc. Certain courses are meant to inculcate professional ethics and Human Values meeting the requisites of POs defining these characteristics. Such courses are Law Ethics in Governance and India Constitution, Social Justice and Administration in India.

The curriculum includes courses focusing on employability and skill development which map strongly with the POs defining demonstration of conceptual knowledge and engagement in independent and life-long learning. Examples of such courses are Classical Sociological Theory, Contemporary Sociological Theory and Social Research Methods. Certain courses are meant to create awareness about the environment and sustainability and inculcate professional ethics, meeting the requisites of POs defining these characteristics. Such courses are Law Ethics in Governance, India Constitution, Social Justice and Administration in India, etc.

The design of curriculum is done in accordance with the predetermined Programme Education Objectives. The syllabus content of each course is meticulously created to develop thorough understanding and gain in-depth knowledge. A number of theory courses are accompanied with projects to inculcate the practical skills. In order to ensure the effectiveness of teaching-learning process and true implementation of the curriculum, the course outcomes of each course are developed to meet the programme outcomes and programme specific outcomes, which are also reflected in the Course Articulation Matrix. Course outcome and program outcome attainment is measured through direct and indirect tools including internal assessments, assignments, end semester examinations, dissertations, projects etc.

Although the curriculum has been designed after thorough deliberations involving experts from academia and industry, and considering the feedbacks obtained from various stakeholders, there is always a scope of regular revision and updation of the syllabus keeping in view the changing needs of the industry and society. Thus a well-articulated process is followed to revise the curriculum from time to time. The process begins with obtaining feedbacks from various stakeholders i.e. students, faculty, alumni, parents and industry experts. The feedbacks are analyzed and relevant suggestions are incorporated in the curriculum through a curriculum revision workshop under the supervision of Departmental Academic Committee (DAC). The revised curriculum is scrutinized by the Board of Studies (BOS) and suggestions of the BOS are also incorporated. The revised curriculum is then placed before the Board of Faculty for consideration which is further reviewed and approved by the Academic Council.

**FACULTY OF BEHAVIOURAL AND SOCIAL SCIENCES**  
**DEPARTMENT OF SOCIAL AND POLITICAL SCIENCES**

**VISION AND MISSION OF THE DEPARTMENT**

**VISION**

To assess, exchange, impart and attain the transcending knowledge of social and political studies for addressing the different pillars of sustainability and UN SDGs by means of knowledge, wisdom and students who are reflective, introspective and liberating at the same time.

**MISSION**

- Prepare and create reflective, introspective students with transdisciplinary skills of social and political studies for addressing sustainability and UN SDGs
- Create socially, morally, ethically responsible, reflective, human, societal, political and artistic value based, introspective students who can impact and influence the public policy discourse nationally and internationally through the transdisciplinary skill set of social and political studies

**ABOUT THE DEPARTMENT**

Department of Social and Political Studies has been incepted as one of the core department under the Faculty of Behavioral and Social Sciences. The Department was constituted in the academic session of 2017 – 18 at MRIIRS (Deemed to be University). It offers and will offer BA/BSc (Honors), MA/MSc and PhD programs in Liberal Arts, Social and Political Studies for addressing sustainability and UN SDGs. Graduates from the department are expected to be transdisciplinary professionals who will be able to integrate and transcend the disciplines of liberal arts, social and political studies in order to address the broad social, economic, ecological, environmental, political, cultural and governance domains of sustainability in a holistic manner. This will also enable them to be thinkers, solution providers to address the real world challenges in an innovative way and address the UN SDGs. The Department will facilitate to produce this cadre of thinkers and solution providers to the real world faced with multiple challenges of sustainability by means of a liberal education philosophy, quality teaching, experimental and practical pedagogical discourse buttressed by a robust curriculum framework which will meet the past, present and futuristic needs of the evolving, changing society and its associated politics. The Department will attain this by creating philosophical principles of introspection, reflection, action and liberation within its various programmes. The programmes of the Department at the end of the day, therefore will foster a liberating journey within every student by integrating the notions of sustainability, efficiency, human welfare and quality of life through the lenses of liberal arts, social and political studies encompassing South Asian, Asian, Eastern, Oriental, Persian, Western and all forms of historical thought processes in the domain of social and political studies.

**PROGRAMME EDUCATION OBJECTIVES (PEOs)**

PEO-1: Create locally and globally reflective, introspective, social, political scientists and liberal art practitioners by generating, enabling and expanding new frontiers of transdisciplinary social and political studies to meet the past, present and futurist needs and enable a new discourse for the present and future
