Subject: Permission for Field Visit & Site Analysis to Vatika Housing

Dear Sir,

This is with reference to your telephonic conversation with our faculty member, Ar. Nida Hassan, Assistant Professor, MRIIRS to allow the Field Visit to Vatika City.

This Letter is to request you to allow our students of B.Arch Semester 2 to do a case study at your site/building. Architectural Design for housing, LIG housing & vernacular architecture is an Integral part of our course curriculum in the B.Arch Program in the Semester 2. The aim of study is to visit the site and to understand the Housing & Vernacular Architecture in the neighborhood areas of the site. The study also helps students implement the vernacular aspects in their design and to design climate responsive building design.

This Site Analysis & study is for the project of Architectural Design II (AR201) & further.

Hence, I request you to grant permission to our students of Manav Rachna International Institute of Research & Studies for the same. The students will also be carrying their ID cards with them.

You have been kind enough to allow our students to do the Field visit at your site in the Covid time keeping in mind the requirement of our B.Arch students to do this site study.

All the students have been instructed to follow Covid-19 protocols as per the Government norms

I support that the drawings and photographs collected shall be used for academic purposes only.

Thank you & regards,

Sanjay Surya

**Prof. & Head of Department
Faculty of Architecture & Design, MRIIRS**
