TABLE OF CONTENTS

A. INTRODUCTION

Career Development Centre (CDC): A unit of Manav Rachna International Institute of Research and Studies, CDC provides extensive process oriented and activity driven trainings on Personality Development, Business English, Communication, soft skills, personality development, Quantitative Aptitude, Career Counselling, Technology and Competitive exams coaching. CDC has been running various courses keeping in mind the dynamic nature of industry requirement from Engineering and Non-Engineering Students. This is done by the team by providing blended learning which is both experiential and innovative. Language Labs for Communication Skills as well as rigorous test series for Aptitude, Reasoning and Verbal Ability are regularly conducted for the students to enhance their overall personality and employability skills.

The centre is involved in the following aspects for the student's development:

Career Development Centre has been conducting various training programs and sessions for different departments under the following schemes-
• Career Guidance
• Soft Skills and Aptitude Development
• Preparation of Competitive Exams
• Awareness about recent technological trends
• Crash Course & Refresher Course

1) Soft Skills & Aptitude Development:-

Soft Skills and personality development are very important for the all-round development of the students and also helping in their smooth transition from campus to corporate. Considering this fact, Career Development Centre delivered the training modules for engineering & other than engineering students across semesters. It helped the students to learn the concepts of Aptitude, Logical Reasoning, Soft skills and Employability skills.

The students were trained on the following modules:

Semester	Module
3rd	Quantitative Aptitude
4th	Quantitative Aptitude & Personality Development I
5th	Quantitative Aptitude & Personality Development II
6th	Quantitative Aptitude & Personality Development III

Content of above modules are given below:

C. Language Lab – Communication Gym:-
Communication Gym being an innovative platform for learning & grooming, helps in improving communication skills, gain command over the language, gain confidence that can enable our students to face the challenges related to communication.

Salient Features of Language Lab Software:
- Language lab software gives students an opportunity to learn with digital tools
- It is user friendly interface which saves time and makes teaching highly enjoyable.
- Multimedia learning content for English, Soft skills, personality development and other job skills

The module helps the students to improve following skills:

1. English Communication
2. Personality Development
3. Soft Skills
4. Job & Career
5. Presentation Skills

Outcome of the Training- Students learnt English Communication, Personality Development, Soft skills and Presentation skills.

The lab that which was set up, in collaboration with Vision Net Info Solution Pvt. Ltd., would continue to be available for all the first year students of MRIIRS. The software with its audio-visual aids and technology will impart English Skills to the students. The language lab offered an exclusive result oriented approach to enrich the English language learning process.

Modules covered in the software are shared below:

Module	
M1- Interview Preparation	M2 – Email Writing
M3- Verbal Communication	M4 – Group Discussion
M5- Foundation English	M6 – Grooming the Language Skills
M7- Voice & Accent Training	M8 – Fluent English

The first phase of Language Lab usage witnessed encouraging response from the students. Some modules like Voice & Accent, Building Block of English were most appreciated by the students. Varied modules available in Language Lab gave students opportunity to build strong base of Verbal & Written Communication.

Enclosing the list of most popular modules among the students:

- Interview Preparation
- Pronunciation
- Group Discussion
- Email Writing
- Vocabulary Builder
- Telephonic Communication Skills
- Dining Table Communication Skills
- Listening Skills

Attendance Details:- Daily attendance record register has been maintained to track utilization of Language Lab. There has been a fair response from the students majorly from Faculty of Engineering & Technology, Faculty of Computer Applications, Faculty of Commerce & Business Studies and Faculty of Management Studies.

Total no. of Students got trained-355
