## **Collaborations with Health Institutions**

Two out of the total of ten Faculties (**Faculty of Allied Health Sciences-FAHS** offering programmes in the field of Nutrition and Dietetics, Physiotherapy, Food Science & Technology; and **Faculty of Dental Sciences-FDS/ Manav Rachna Dental College** offering programmes in the field of Dental Sciences) of Manav Rachna International Institute of Research and Studies (MRIIRS) has penned collaborations with a wide variety of health institutions at local, national and global level. The Global collaborations are concentrated on exchange of faculty members, undergraduate and/or graduate students, jointly supervising Master's and Ph.D. students, developing curricula, exchanging academic information, joint research in the fields of mutual interest, conducting joint lectures, symposia, conferences, and investigating the potential for internships and sandwich programmes. The National collaborative goal is to advance health equity by utilising data, cultivating leaders, and igniting collaborations among the numerous sectors that are jointly accountable for constructing a more justifiable and equitable society. MRIIRS has collaborated with more than twenty of the local hospitals in the area for the clinical tie-ups and providing internships to the students

The details of the collaborations with the respective scope and copy of Memorandum of Understanding agreements have been provided as the evidence documents.

### **A. Global Collaborations:**

The University's goal is to increase its global impact by forming strong collaborations to ultimately improve health and well-being outcomes. MRIIRS penned memoranda of understanding with a wide variety of health institutions at global level. There is an INTERNATIONAL PARTNERSHIP between MRIIRS and the National University of Ukraine on Physical Education and Sports, Cahaya Padma Kumara Foundation-Indonesia, Asyiah Politechniq Pontianak-Indonesia, Universitas Sultan Ageng Tirtaya (UNTIRTA), Physiotherapy Academy YAB and Universiti Teknologi MARA (UiTM). The main purpose is to establish a framework for collaboration between the two Institutions to facilitate the exchange of faculty, students, and clinical/academic/research information between the two Institutions. These

collaborations are concentrated on exchanging faculty members, undergraduate and/or graduate students, jointly supervising Masters, and Ph.D. students, developing curricula, exchanging academic information and materials, joint publications in the fields of mutual interest, conducting joint research programs, conducting joint lectures, symposia, conferences, and investigating the potential for internships and sandwich programmes.

### **B. National Collaborations:**

MRIIRS collaborates with a variety of NATIONAL HEALTH ORGANISATIONS including the Red Cross, Special Olympics Bharat, Fit India, SPEFL-SC (Sports, Physical Education, Fitness & Leisure Skills Council), Sports Next-India; Galactus Funware Technologies Pvt Ltd-MPL, Indian Institute of Millets Research (IIMR), Paras Hospitals-Gurugram, Nutra Supplements, National Institute of Food Technology, Entrepreneurship and Management, Sonipat. The National collaborative goal is to advance health equity by utilising data, cultivating leaders, and igniting collaborations among the numerous sectors that are jointly accountable for constructing a more just and equitable society. Faculty of Dental Sciences has also collaborated with Balaji Dental and Craniofacial Hospital Chennai for academic and clinical training of the students.

### **C. Local Collaborations:**

MRIIRS has collaboration with more than twenty of the greatest hospitals in the area for providing the clinical tie-ups and internships to the students. Students, faculty members, school children, villagers, society residents and the like are regularly invited to participate in health awareness sessions, cancer awareness, psychological counselling, tobacco and drug awareness, dental hygiene, menstrual hygiene, pulse polio, blood donation and other similar camps.

COVID-19 pandemic has caused loss of many lives. To ensure the vaccination for all the faculty members, students, and the nearby local people, MRIIRS conducted multiple COVID vaccination drives in the year 2021-22 and vaccinated more than 1000 people during these drives. It is worth noting that during 2021-22, MRIIRS faculty

members and students donated 534 units of blood in blood donation camp at MRIIRS campus. A total of 1865 patients were treated in the last year at Physiotherapy OPD keeping COVID-19 norms.

Dental Department has a unique state-of-the-art facility, housing a perfect combination of high-end technology. A team of highly skilled and experienced doctors meet all dental needs in specialized area of orthodontics and Dentofacial orthopaedics, periodontology, prosthodontics, oral pathology & microbiology, conservative dentistry and endodontics, paediatric and preventive dentistry, oral medicine and radiology, oral & maxillofacial surgery, public health dentistry. From July 2021 till June 2022, the number of patients treated in Dental OPD were nearly 87472.

- ✓ The **details of the collaborations done in the year 2021-22 with the respective scope (Annexure I) and copy of Memorandum of Understanding (MoU) agreements** (can be accessed by clicking on the entries in the column 'MoU Second Party') have been provided as the evidence documents.

## SDG 3- GOOD HEALTH AND WELL-BEING

### Annexure I: Details of the collaborations done in the year 2021-22 with the respective scope

S. No.	Year of collaboration	MoU First Party	MOU Second Party (Click to view MoU copy)	National/ International/ Local	Faculty	Scope
1	2021	MRIIRS	<a href="#">National University of Ukraine on Physical Education and Sports, Ukraine</a>	International	FAHS	Faculty exchange, Research collaboration, Student exchange for short term courses
