

## **Report on Distribution of Hybrid Bajra Seeds to Local Farmers at Pali, Faridabad on 23<sup>rd</sup> May 2023 at Pali and Mohtabad Villages, Faridabad**

The distribution of hybrid bajra seeds to local farmers in Pali, Faridabad, was a successful event that aimed to enhance agricultural productivity and promote sustainable farming practices. The positive feedback received from the participating farmers indicates the potential for increased yields and improved livelihoods in the region. However, it is essential to address the challenges faced and continuously support farmers in adopting modern agricultural techniques.

*Organized By:* MRCMPP & MRCAWTM, MRIIRS

1. The distribution event was held on *23<sup>rd</sup> May 2023* in Pali and Mohtabad villages, Faridabad. The choice of the venue ensured accessibility for a large number of local farmers.
2. The event saw the participation of approximately 100 local farmers from the Pali region, along with MRCMPP & MRCAWTM team members and volunteers. (Dr. Nidhi Didwania, Dr. A Mukherjee, Ms. Sneha Rai and Atal Bhujal Yojna team)
3. **Objectives:** The primary objectives of the distribution event were:
  - To provide local farmers with high-quality hybrid bajra seeds.
  - To educate farmers on the benefits of hybrid seeds in terms of yield and disease resistance.
  - To promote sustainable agricultural practices and crop diversification.
4. **Distribution Process:** The distribution process was well-organized and followed these steps:
  - **Registration:** Farmers were registered upon arrival, and their details were recorded for future reference.
  - **Seed Distribution:** Each registered farmer received a specified quantity of hybrid bajra seeds based on their landholding and requirements.
  - **Training and Information:** Before the distribution, an informative session was conducted to educate farmers about the advantages of hybrid seeds, proper planting techniques, and crop management practices.
  - **Q&A Session:** A question-and-answer session followed the training to address any queries and concerns from the farmers.

### **Seed Distribution Statistics:**

- Total number of farmers who received seeds: [Total Number of Beneficiary Farmers]
- Total quantity of hybrid bajra seeds distributed: [Total Quantity in kg or bags]

- Average landholding per farmer: [Average Landholding in acres/hectares]
- Quantity of seeds distributed per farmer: [Quantity per Farmer in kg or bags]

### **Feedback and Impact:**

Feedback from the participating farmers was overwhelmingly positive. They expressed appreciation for the initiative and the valuable knowledge shared during the training session. Farmers were enthusiastic about implementing the best practices discussed and expected higher yields in the upcoming harvest season.

### **Conclusion:**

The distribution of hybrid bajra seeds to local farmers in Pali, Faridabad, was a successful event that aimed to enhance agricultural productivity and promote sustainable farming practices. The positive feedback received from the participating farmers indicates the potential for increased yields and improved livelihoods in the region. However, it is essential to address the challenges faced and continuously support farmers in adopting modern agricultural techniques.

This report serves as a record of the distribution event's activities and outcomes and will be valuable for planning future agricultural initiatives in the region.
