17.2

Relationships to Support the goals

17.2.2

Cross Sectoral Dialogue About SDGs

MRIIRS weblink to SDG17:

<https://mriirs.edu.in/sdg17-partnerships-for-the-goals/>

1. Cross sectoral dialogue about SDGs Initiate and participate in cross-sectoral dialogue about the SDGs

University has initiated a wide range of activities to promote awareness and engagement with Sustainable Development Goals (SDGs) 3, 4, 5, 6, 11, 12, 13, 15, and 16. These initiatives encompass wellness camps, workshops, expert talks, alumni meetings, conferences, dialogues, forums, webinars, extension activities, capacity building programs, pledges, and various projects. The outreach and educational campaigns, workshops, webinars, and expert talks are primarily focused on addressing SDGs 2 (Zero Hunger), 3 (Health and Well-Being), 4 (Quality Education), 5 (Gender Equality), 6 (Clean Water and Sanitation), 9 (Industry, Innovation, and Infrastructure), 10 (Reduced Inequality), 11 (Sustainable Cities and Communities), 12 (Sustainable Production and Consumption), and 15 (Life on Land).

In addition to these SDGs, the university foundation is also actively involved in addressing issues related to elderly care, waste management, health and hygiene, and promoting quality education. Some of the notable measures in this domain include the following the Activities.

- **One Day Seminar on Insider Trading: A Challenge to Sustainable Capital Market**
Date: 3rd December 2022 (Addressing SDG 4,8,16)

The SENSEX and NIFTY are soaring over the years and participation of both institutional and retail investors is increasing day by day. SEBI (Securities Exchange Board of India) is taking every step to ensure the fair participation by all the stakeholders. To retain the trust of investors in market it is very important that there remains free play. 'Insider Trading' is one such threat that needs to be dealt sternly and investors must be aware of its harmful impacts and legal remedies available.

'One Day Seminar on Insider Trading: A Challenge to Sustainable Capital Market' was a step towards the same direction and an attempt to initiate a fruitful discussion on various aspects of 'Insider Trading'. The keynote speakers who graced the event happened to be the stalwarts from the industry and regulatory authorities namely CS Ranjeet Pandey (Past-President & Central Council Member, The ICSI), CS Sanjeev Grover (EVP and Company Secretary, Maruti Suzuki India LTD), CS Pradeep Ramakrishnan (General Manager, SEBI- Mumbai) and Mr. Mayank Parikh (AVP), Motilal Oswal Financial Services Limited- Mumbai.

Please find attached photographs for the event.

- **Com-IT-2023**

The Com-IT-Con, 2023 is a conference of the technology forum for the Department of Computer Science and Engineering at MRIIRS. The Department hosts the annual International Conference Series known as Com-IT-Con. The purpose of Com-IT-Con is to create a forum for scientific sharing of the latest breakthroughs, trends, and developments in the field of computers and IT by providing fresh themes each year. The 2023 edition of Com-IT-Con brings together academic and professional professionals. The International Conference on Cloud and Parallel Computing, Artificial and Business Intelligence, Quantum and Machine Learning: Trends, Views, and Opportunities have been chosen as the conference's theme for Com-IT-Con-2023.

- **Conference on Renewable Technologies in Engineering in association with Springer;**

Department of Electrical and Electronics Engineering, and Department of Electronics and Communication Engineering, FET, MRIIRS have organized the prestigious International Conference on 'Renewable Technologies in Engineering (ICRTE 2022)' in association with Springer on 7 – 8 Oct 2022. This is the second International Conference organized in collaboration with Springer. The inaugural session witnessed the gracious presence of Chief Guest, Chair Professor CEA, IIT Delhi, Dr. Bhim Singh; key note speaker, Dr. Mohan Kolhe from the University of Agder, Norway; Dr. Dipankar Deb, Professor, IITRAM; and Pro Vice-Chancellor & Dean, FET Dr. Pradeep Kumar.

<https://manavrachna.edu.in/icrte/>

- **National Conference on 'Emerging Technologies and Enabling Tools for Eco-friendly Management of Diseases of Medicinal and Aromatic Plants**

The inaugural session was graced by the **Chief Guest Dr. Chandrashekhar Sanwal**, Deputy CEO, IFS, NMPB, Ministry of AYUSH, GOI. The ceremony also witnessed the presence of Hon'ble Keynote Speaker, **Prof. P.C. Trivedi**, Former Vice Chancellor- 5 Universities; **Dr Sanjay Srivastava**, Vice Chancellor, MRIIRS; **Dr. Pradeep Kumar**, Pro-Vice Chancellor and Dean, Faculty of Engineering and Technology; **Mr. R. K Arora**, Registrar MRIIRS; **Dr. Nidhi Didwania**, Director, MR-CMPP (Convener) and Dr. Manu Solanki, Head, Department of Biotechnology.

"Emerging Technologies and Enabling Tools for Eco-friendly management of Diseases in Medicinal & Aromatic plants (MAPs)" 29th-30th September, 2022

- **Expert Talk: 'Digital Financial Inclusion in India'**

The Department of Economics of the Faculty of Behavioural and Social Sciences (FBSS), MRIIRS organised an expert talk on "Digital Financial Inclusion in India" on Thursday, 25th November 2021 as a part of the FBSS Discussion Forum. Dr Siva Reddy Kalluru, Gokhale Institute of Politics and Economics, Pune, India was the speaker for the webinar. Dr Siva Reddy explores some of the key questions to evaluate the supply and demand side of digital financial inclusion in India.

He also identifies the reasons for the gap between supply and demand and its implications to financial accessibility. In this context, Dr Reddy shed light on the measurement of digital financial inclusion (DFI) in India by analysing the parameters such as per capita bank accounts, cards, retail payment systems, internet, and broadband connections from both the supply side and demand-side data. He highlighted the reasons for the substantial gaps in the level of DFI and addressed the way forward for a sustainable model of DFI to achieve financial accessibility to all sections of the society in both rural and urban areas.

- **Psychometric Profiling Session**

The Council for Doctoral Program at MRIIRS organized a, featuring Prof. (Dr.) Sanjay Srivastava, the Vice Chancellor of MRIIRS and an expert in psychometric testing. Prof. Srivastava emphasized the role of personality in defining #leadership #abilities and #choices. The session aimed to help scholars analyze and improve their personalities, offering practical strategies for personal development. It was interactive, with active participation and real-life examples, making the concepts directly applicable. Prof. Srivastava introduced key concepts like the "9Ls" (9 Leadership Attributes), behavior attributes, and the "3 Verticals of Life."

Attendees took a [#PsychometricTest](#) and received feedback, fostering a rich exchange of ideas and a valuable learning experience. This session was a significant step toward enhancing individuals' self-awareness and leadership potential.

- **Non-Stop Radio Show on Sustainability**

Radio Manav Rachna 107.8 FM has set a remarkable milestone in the world of community radio. The radio station is spreading happiness with its new records and milestone achievements. It recently celebrated its 15th Foundation Day with the announcement of the longest non-stop live radio show on sustainability that got recognition from the Asia Book of Records and the India Book of Records. The 150-hour live programming showcased the station's commitment to delivering exceptional programmes and engagement with the community.

- **Addressing Water Challenges: Ingenious Solutions by the Manav Rachna Centre for Advanced Water Technology and Management**

The global water crisis has been a longstanding issue characterized by inadequate water resources, contamination, and the presence of harmful chemicals like arsenic and fluoride. Insufficient management of water resources, particularly concerning urban, industrial, and agricultural wastewater, further exacerbates the problem, leading to reduced access to clean water for countless individuals. Nations all across the world are stepping up and working towards monitoring groundwater restoration, raising awareness, and developing alternatives for handling water issues.

The Centre for Advanced Water Technology & Management (CAWTM) at Manav Rachna International Institute of Research and Studies is committed to promoting awareness and triggering action on critical water issues at all levels, including the highest decision-making level, to facilitate the efficient conservation, protection, development, planning, management and use of water in all its dimensions on an environmentally sustainable basis for the benefit of all life on earth.

- **Collaboration Through Capacity Building Program Involving Government Stakeholders(Addressing SDG 1,2,3,4,5,7,12,13)**

In Cognizance of the growing complexities associated with the process of public policy making and administration in the globalized world the Department of Social and Political Studies, FBSS, MRIIRS organized a 5-Day Capacity Building program in Public Policy and Administration. The event was coordinated by Dr. Twinkal Dogra and Mr. Ashish Kumar and was moderated by Dr. Srestha Chakrobarty. The intent was to bring eminent practitioners of public policy from diverse domains

MANAV RACHNA INTERNATIONAL INSTITUTE OF RESEARCH AND STUDIES, FARIDABAD

viz., Skill building & Trade policy, National Education Policy, Environment & Public Policy, Public Governance, and Ethics & Public Policy respectively.

The event attracted the participation of faculties, students, and research scholars across departments within Manav Rachna and beyond.

- **Short-Term Course (STC) on "Curriculum Development in light of NEP-2020 in HEI in collaboration with NITTTR Chandigarh. (Addressing SDG 4,8,10,16)**

A Five-days faculty development program on "Curriculum Development in light of NEP-2020 in HEI " in association with NITTTR, Chandigarh was organized by the Faculty of Computer Applications from 17-21 April 2023. The participants for the FDP were faculty members of MRIIRS. The aim of the FDP was to provide opportunities to educate the young as well as senior faculty members about the complete process of framing curriculum as per the guidelines of NEP,2020. The major topics which have been covered in this FDP were the Need and Implementation of a National Institutional Ranking Framework, Institutional Restructuring and Consolidation, Restructuring Curriculum, Framework for Higher Education in NEP-2020, Online and Digital Education: Ensuring Equitable Use of Technology Catalyzing Quality Academic Research in all fields through a New National Research Foundation. Twenty-six (26) faculty members of FCA & FET, MRIIRS have registered and attended the STC Program.

- **International Conference on Identity, Culture, Agenda driven News Cast (ICAN 6) - (Addressing SDG 4,8,10,16)**

The Department of Journalism & Mass Communication, School of Media Studies & Humanities in collaboration with the Delhi Metropolitan Education, a premier Institute with the Guru Gobind Singh Indraprastha University, Delhi organized the international conference - Identity, Culture, Agenda driven News Cast (ICAN 6) on June 22, 2023. As a part of the ICAN 6, the fourth day of the conference was held at Manav Rachna International Institute of Research & Studies (MRIIRS), Faridabad.

- **University Level Competition – NEYP**

The National Environment Youth Parliament 2024- "Nurturing Environment leaders" is a collaborative effort by Paryavaran Sanrakshan Gatavidhi (PSG) and Students for Development (SFD), involving Universities Nationwide. Its primary goal is to raise awareness among young people about the pressing Environmental challenges that pose a significant threat to human safety and well-being. To achieve the same, the University Level National Environment Youth Parliament, organized by Students Welfare and the Eco Society "Idhika", was conducted. The event commenced with a warm welcome to all attendees, providing an overview of the objectives of National Environment Youth Parliament. The audience was introduced to the panel of judges, setting the stage for an engaging and enlightening experience.

2. Campaign, Talks, Outreach Programmes, Webinars, Discussions During Addressing SDG 3,4,5,16

- **Mega Blood Donation Camp**

Dr. O P Bhalla, was not a mere persona but a visionary and a dynamic educationist who shaped an educational movement called Manav Rachna with the intent to create better human beings. The mission continues with Manav Rachna Educational Institutions dedicated and committed to train and equip its students with latest knowledge and skills in their chosen fields. This is done in the backdrop of Indian ethos and values to enable them to face any global challenge, and with a view to transform them into insightful, honourable and responsible citizens of this great country. While Dr. O P Bhalla is no longer with us, his rich legacy is a standing testimony of excellence at work, the fragrance of which still continues to inspire us.

- One Day Basic First Aid and Basic Disaster Management Training**

Red Cross Society is a prominent Humanitarian Organization that works relentlessly towards providing aid, support, and relief during times of crisis and emergencies. A One Day Basic First Aid and Basic Disaster Management Training was conducted by District Red Cross Society, Faridabad at Manav Rachna International Institute of Research and Studies on 29.05.23. The NSS unit and Students Welfare took the lead and demonstrated coordination and dedication that contributed towards the smooth conduct of the event.

- **Drugs take you to hell, disguised as heaven**

A Cyclothon was organised by Haryana State Commission for Women with the purpose to promote the "Drug-Free Haryana" campaign. The event witnessed enthusiastic participation from female students and Faculty members of Manav Rachna International Institute of Research & Studies. The primary objective of the event was to raise awareness regarding the adverse effects of drug abuse and to encourage a healthy lifestyle through cycling. Participation of Students and Faculty Members in the event not only demonstrated commitment to promoting a drug-free Haryana but also showcased determination to lead a healthy and active life. The participants exhibited a high level of energy and enthusiasm throughout the event, setting an excellent example for others.

• World Hygiene Day

Don't spend on diseases, invest in your hygiene. Don't pass the bug, give your hands a rub. A simple procedure of washing hands thoroughly with soap can save millions of lives. With this motto of spreading awareness of healthy hand wash, The Volunteers of NSS, Department Of Students Welfare, Manav Rachna International Institute Of Research And Studies wishes everyone a very Happy World Hand Hygiene Day.

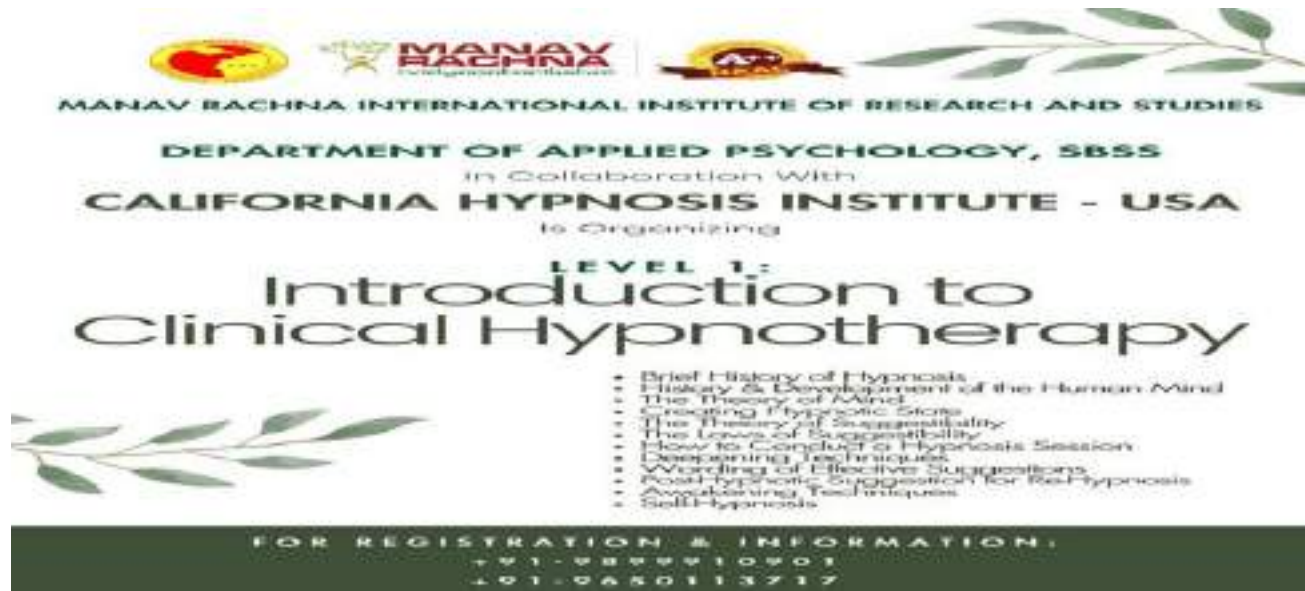

• Introduction to Hypnotherapy

The Hypnosis Training course conducted by Ms. Kirti Khurana and organized by Dr. Divya Dhawan (Assistant professor – DOAP,SBSS) at Manav Rachna International Institute of Research and

MANAV RACHNA INTERNATIONAL INSTITUTE OF RESEARCH AND STUDIES, FARIDABAD

Studies, Faridabad, aimed to provide participants with a comprehensive understanding of hypnosis, its history, techniques, and practical applications. The course spanned four days, from 17th July 2023 to 20th July 2023, with a minimum of 20 hours of training. Participants were trained on various aspects of hypnosis, self-hypnosis, and post-hypnotic suggestions, among other topics. The primary objectives of the Hypnosis Training course is to provide participants with a foundational understanding of hypnosis and its historical development and to familiarize participants with the theory of mind and how it relates to hypnosis.

• Extempore Competition on Emerging fields and trends in Psychology

The Department of Applied Psychology at SBSS, MRIIRS, organized an extempore competition on August 18th, 2023. It was designed as an interactive workshop and students enthusiastically

participated in the question and answer session. There was a power-point presentation along with a few videos of subject matter. The session incorporated a few fun activities and icebreakers as well. Students were given sentence completion tasks and were later told the interpretation of the test. The basic aim of the event was to provide a platform for spreading awareness among students by presentation of facts, figures and mutual discussion method about the various fields and trends in Psychology.

- **Learning how to Learn - Helping Students in Govt Schools identify their Learning Style**

Under the SGD 4 on imparting Quality Education to all, a new initiative was started - 'Learning how to learn' for the Students of Government Schools, classes 8-10. We assist students in understanding their preferred learning style with the VAK (Visual, Audio, and Kinaesthetic) Test. After each pupil has been evaluated and counselled, we present a comprehensive report to the teachers. Through the VAK (Visual, Audio and Kinaesthetic)Test, we help them understand their learning style since each Student has a unique style of their own. Each student is analysed and counselled and an overall report was shared with the Teachers to modify their teaching techniques

MANAV RACHNA INTERNATIONAL INSTITUTE OF RESEARCH AND STUDIES, FARIDABAD

according to the learning styles. Five sessions have been held till date where 500 Students have had their styles analysed through tests conducted with the help 12 MRIIRS Student Volunteers. The first session was held at Government Middle School- Sector 31, Faridabad. The second and third ' Learning how to learn' sessions were held for the Students of Government Middle School, Dayalnagar (July 21,2022)and Atmadpur (July 23,2022). The fourth and fifth sessions were conducted at GSSS Ankhir (August 3, 2022) and GSSS Badhkal (August 12,2022).

- **Deekshaarambh- An Educational Visit to Villages**

Under the Manav Rachna Life Skill Program and Unnat Bharat Abhiyaan, a visit to schools in the adopted Villages was organised during "Deekshaarambh"- Orientation Session for the newly admitted students of MRIIRS, on 13.07.23 and 14.07.23. The aim of the visit was to provide students with exposure to rural life, community engagement, and environmental awareness and to enrich the learning experience for the students in the village. Students and faculty members were divided into 4 groups who visited **Govt. Middle School, Heerapur**, School in Nariyala Village, **Panhera Village** and Government Primary School, Maujpur at Ballabgarh. The teams conducted various activities with the school students for imparting knowledge and encouraging the students to pursue their interests and talents. The activities involved **Interactive Learning Sessions**, Environmental Awareness Workshops, **Poster Making Competition** and Plantation Drive. Through engaging in activities and games, they introduced various subjects, emphasizing the

importance of education in shaping the future, instilling eco-friendly practices among the students and encouraging them to be responsible environmental stewards.

Students and Faculty members visited to different villages to educate village students

- **Student-Led Reading Outreach at Govt School, Village Panhera**

A student-led outreach project on reading that took place demonstrating a commitment to the Sustainable Development Goals (SDGs) on 22 Aug 2022. The initiative aimed to promote the importance of reading, literacy, and lifelong learning among students of Govt school, Village Panhera. Dr. Sadiqa Abbas and Dr Anjali Gupta along students conducted Storytelling sessions by sharing their favorite stories, poems, or excerpts from books. These sessions fostered a sense of community and emphasized the joy of reading and sharing stories.

- **Be a Teacher to Someone**

Manav Rachna holds the ideals "Manav ki Rachna" keeping these morals in mind the volunteers of the National Service Scheme Unit, Department of Student Welfare, Manav Rachna International Institute of Research and Studies undertook an initiative, "Be a Teacher to Someone" on the occasion of teacher's day. The volunteers under this campaign visited the Miracle Charitable Society, Faridabad, an adoption centre registered under the Women and Child Development Department of Haryana, on September 05, 2022 to be a teacher to someone as they understand that education is a fundamental right. The students of Manav Rachna got the opportunity to interact with them and teach them how to paint and colour understanding the beautiful and lifelong mentor-disciple bond that is shared between a teacher and a student. Early Education - teaching the base of the alphabet and numbers was also taught to children.

Volunteer students of MRIIRS interacting with kids during visit under **"Be a Teacher to Someone"** program

- **Teacher On Call Program**

Manav Rachna International Institute of Research and Studies in association with Dr O P Bhalla Foundation and with the help and support of Sahaj Path Knowledge Foundation is running the **'Teacher on Call' Program** since 25th April, 2020.

This initiative is **aimed at providing equal learning opportunities to each and every child, especially the students of Government Schools**. This is a **Phone Call Based Remedial Educational Development Program for students of Government Schools of Faridabad district**. We already have more than 300 qualified and experienced Volunteer Teachers, who are successfully teaching the students over phone in the subjects of Mathematics, Science, Social Science, Hindi and English, and are helping around **12000 students of classes VI to X** in answering their queries through telecalling about their difficulties in these subjects through toll free No. 18008906006 which is made available to Student callers during specified hours (Mondays to Saturdays - 5:00 PM to 8:00 PM & Sundays –9:00 AM to 8:00 PM).

The program has successfully impacted many students and there is a significant difference towards the betterment of their academic performance. The students are also given rewards from time to time based on their performance and association with the program.

Volunteer taking doubt session for village students under 'Teacher on Call' Program

- **Workshop in Sneh Ashram**

Dr. O P Bhalla Foundation and Department of Applied Psychology, MRIIRS, organized a Career Motivation Workshop for the girls in Sneh Ashram. Sneh Ashram is an institute which trains girls in various skills like IT, Stitching, Bridal Make-up, Hairstyling and more. The aim of the workshop was to motivate the girls to actively pursue career opportunities. The team tried to understand the problem faced by the girls while trying to actively get employed and gave various suggestions and advises to tackle these issues.

- **Kaushal Karyashala-IT Skill Training Programme**

Kaushal Karyashala-IT Skill Training Programme-an initiative by Dr OP Bhalla Foundation in association with Manav Rachna International Institute of Research and Studies was launched on December 27th, 2021 with an aim to provide IT skill training to youth for better job prospects. The program initially conducted online classes for seven batches, each consisting of 30 students. Later, 50 regular students were selected for practical training on campus. The first batch of Kaushal commenced in January 2022. Approximately 50 students from government schools in Mohna,

MANAV RACHNA INTERNATIONAL INSTITUTE OF RESEARCH AND STUDIES, FARIDABAD

Panhera Khurd, Nariyala, Dayalpur, Atali, and other villages were trained in basic IT skills. The second batch of Kaushal started from June 2023, consisting of 50 students from Ankhir Government school from classes 9th-12th. These students are also being trained in spoken English and personality development.

- **Manav Rachna CAWTM** conducted a community talk to sensitize the residents of Khoh Village, Manesar, Haryana, India about the **Water Conservation** under Atal BhujalYojna of Government of India.

Sensitization Programme on **Efficient usage of Ground Water Resources and Water**

MANAV RACHNA INTERNATIONAL INSTITUTE OF RESEARCH AND STUDIES, FARIDABAD

Sanitation Hygiene was conducted for the Government School Students of village of Panhera Khurd, Haryana, Faridabad under Wash Innovation Project of **Manav Rachna CAWTM**.

A painting competition on the theme of **Save Water** was organized for the Government School students by **MRIIRS** under **Atal Bhujal Yojna** of **Government of India**.

Dedicated to improve the quality of life through inclusive growth and development in education, Manav Rachna, under the aegis of Dr. O.P. Bhalla Foundation has adopted villages. **Freshers of Manav Rachna International Institute of Research and Studies** were divided into four clans (Air Falcon, Wild Cats, Water Sharks & Forest Rhinos) and visited four villages: Mohna, Heerapur, Panhera Khurd and Nariyala. The visit was aimed to instil life skills among students. Plantation was done in these villages in collaboration with Horticulture Wing of the University. Plantation sites included outer boundaries of village ponds as well as Government School.

A meeting of students was arranged with Village Sarpanch / Panchayat functionaries for a small interactive session in each village to apprise them regarding water conservation measures including rainwater harvesting and preventing runoff during rainy season. Students took part in sanitation drive and sensitized village people to ensure an open defecation free village. Merchandise like key chains, mugs, crayons and sketch pens were distributed to the school students after various activities. School Students participated enthusiastically in all the activities.

Visit of MRIIRS- Water Sharks CLAN students in association with Department of Civil Engineering to the schools of adopted villages to spread awareness on water conservation and quality challenges

Rural Water Level Protection Plan and Water Literacy
