

## **Learning how to Learn - Helping Students in Govt Schools identify their Learning Style**

Under the SGD 4 on imparting Quality Education to all, a new initiative 'Learning how to learn' was started by MRIIRS for the classes 8-10 students of Government Schools. Under this initiative, we assist students in understanding their preferred learning style with the VAK (Visual, Audio, and Kinaesthetic) Test. After each pupil has been evaluated and counselled, a comprehensive report is provided to the teachers.

Through the VAK (Visual, Audio and Kinaesthetic) Test, we help them understand their learning style since each student has a unique style of their own. Each student is analysed and counselled and an overall report was shared with the Teachers to modify their teaching techniques according to the learning styles. Five sessions have been held till date where 500 Students have had their styles analysed through tests conducted with the help 12 MRIIRS Student Volunteers. The first session was held at Government Middle School- Sector 31, Faridabad. The second and third sessions were held for the students of Government Middle School, Dayalnagar (July 21,2022) and Atmadpur (July 23,2022) respectively. The fourth and fifth sessions were conducted at GSSS Ankhir (August 3, 2022) and GSSS Badhkal (August 12,2022) respectively.
